

THE PRIVATE LABEL MUSIC COMPANY

Are you looking for a new way to expand your brand name?
Do you want to leave your clients/customers with a lasting impression?

CREATE YOUR OWN CUSTOM PRIVATE LABEL CD!

WHAT WE DO: Water Music Records will design a custom CD package featuring your logo, photos, and information created exclusively for your property, promoting your Hotel, Spa, Fitness Center, Restaurant, or any other amenity.

THE PROCESS: Choose the style of music that fits your needs from our extensive music catalog or select your favorite music and we will license and legally clear it for you. We will create, compile, license, master, design, manufacture, and deliver the finished product right to your door.

THE MUSIC: Water Music currently has over 200 albums in our catalog from which to choose in addition to our hundreds of worldwide licensing partners.

YOUR COST: Our fees can be tailored to fit your budget.

MINIMUMS: Custom manufacturing can run as low as 500 units up to 250,000 units.

TURN AROUND TIME: In most cases, we offer a 3-week delivery of product (following final approval of artwork and music)

Let us show you just how simple it is to create your own custom private label CD.
Merely send us your text, high-resolution images, and logo then we will do the rest . . . it's just as easy as that!
